

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

THE APPLICATION OF WIRELESSCO, L.P., D/B/A)	
SPRINT TELECOMMUNICATIONS VENTURE FOR)	
OPERATING AUTHORITY AND ISSUANCE OF)	CASE NO.
CERTIFICATE OF PUBLIC CONVENIENCE AND)	96-077
NECESSITY TO CONSTRUCT COMMERCIAL MOBILE)	
RADIO SERVICE TRANSMISSION FACILITIES IN)	
KENTUCKY)	

O R D E R

On March 18, 1996, WirelessCo, L.P., d/b/a Sprint Telecommunications Venture ("WirelessCo") filed an application for a Certificate of Public Convenience and Necessity ("CPCN") to construct and operate a Commercial Mobile Radio Service ("CMRS") transmission system to serve customers in Kentucky. WirelessCo is a Delaware limited partnership which is owned by MajorCo, L.P. ("MajorCo") and MinorCo, L.P. ("MinorCo"), both also Delaware limited partnerships. WirelessCo, and its owners, MajorCo and MinorCo are ultimately owned by Sprint Corporation, Telecommunications, Inc., Cox Communications, Inc., and Comcast Corporation. WirelessCo's headquarters are located in Kansas City, Missouri.

WirelessCo is a Federal Communications Commission Personal Communications Service ("PCS") licensee. WirelessCo, a CMRS, holds the rights to 30 Mhz of PCS spectrum in the Major Trading Area ("MTA") covering Kentucky and will compete with existing cellular companies in Kentucky. WirelessCo will contract with affiliates

for the construction of portions of the facilities it will utilize and will lease sites for some towers and radio equipment. WirelessCo proposes to utilize existing structures for radio equipment, along with constructing new facilities.

WirelessCo moves the Commission to approve all antenna locations as extensions in the ordinary course of business. The Commission considers the construction of new towers sufficiently substantial to warrant prior Commission approval pursuant to KRS 278.020 and 807 KAR 5:001, Sections 8 and 9, and therefore denies this request. A complete filing for all new antenna towers should be submitted to the Commission. However, for antennae placed upon existing structures, WirelessCo should request an opinion from the Commission as to the necessity for a CPCN, prior to their placement.

WirelessCo will be regulated in the same manner as cellular companies operating in Kentucky. The regulatory requirements pertaining to construction of facilities are contained in Appendix A, attached hereto and incorporated herein.

The information provided by WirelessCo demonstrates its financial, managerial, and technical capability to provide CMRS as a PCS provider in the MTA covering Kentucky. WirelessCo should provide a service tariff with the Commission prior to service commencement.

The Commission, having considered the application, the information provided by WirelessCo, and being otherwise sufficiently advised, HEREBY ORDERS that:

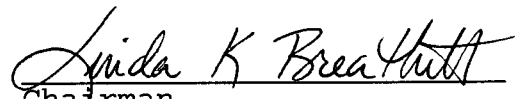

1. WirelessCo be and it hereby is granted authority to construct and operate a CMRS within the Commonwealth of Kentucky on and after the date of this Order.

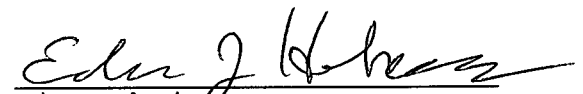

2. WirelessCo shall file an application with the Commission for the construction of all towers within the Commonwealth.

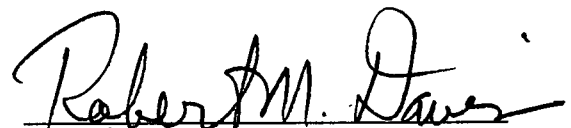

3. At least 60 days prior to commencement of service, WirelessCo shall file its service tariff sheets in accordance with Administrative Case No. 344.¹

Done at Frankfort, Kentucky, this 23rd day of April, 1996.

RECEIVED

MAY 03 1995

GENERAL COUNSEL

Lou Ann McElvain
President, Secretary & Treasurer
Litchfield County Cellular, Inc.
1715 W. Schwartz Boulevard
Lady Lake, Florida 32159-6125

Dear Ms. McElvain:

Enclosed please find a comprehensive list of documents and information to be filed with an application for public convenience and necessity to construct a cellular communications facility. Also enclosed are two sample letters of notification: Exhibit 1 should be sent to persons who own property or reside within 500 feet of the proposed construction; Exhibit 2 should be sent to the local planning and zoning commission.

Please review the enclosed list and sample letters at your earliest convenience. If you have questions, please call.

Sincerely,

A handwritten signature in dark ink that reads "Don Mills".

Don Mills
Executive Director

Enclosure

**Applications for Certificate of
Public Convenience and Necessity to Construct
Cellular Telecommunication Towers**

Required filing: Per 807 KAR 5:001

Section 8, Items (1) - (3); Section 9, Items 2(a) - 2(g).
(Copies of applicable regulations are attached)

Additional information necessary for a CPCN to be processed:

1. Copies of Federal Communications Commission, Kentucky Airport Zoning Commission, and Federal Aviation Administration applications and approvals. If the approvals have not yet been granted, any Final Order granting the CPCN will require their submittal as soon as they are granted.

2. Copies of a geotechnical investigation report that includes boring logs, any foundation design recommendations, and specific information describing the tower site's proximity to flood hazard areas.

3. Copies of the tower and foundation design information and:

a. Identity of personnel directly responsible for the design and construction of the proposed tower and their qualifications.

b. Any information that supports the structural integrity and safety of the proposed tower (e.g., the steps taken to ensure the structure could survive a natural disaster such as a tornado or earthquake, and any information available that reports the survivability of similar structures during past natural disasters).

c. A site development plan or survey (the plan or survey should accurately indicate the location of the tower site on the property and show all easements and existing structures).

d. A vertical profile sketch of the tower, clearly indicating the tower's height and the placement of all antennas.

e. The tower and foundation design plans as well as a description of the standard by which the tower was designed.¹

4. A vicinity map that accurately identifies every structure and every owner of real estate with 500 feet of the proposed tower site. The scale of this map should be no less than 1 inch equals 200 feet.

¹ Documents 3c, 3d, and 3e must be signed and sealed by a Professional Engineer registered in Kentucky.

5. A statement that every person who owns property or resides within 500 feet of the proposed tower has been notified of the proposed construction and informed of his right to intervene. Include a list of the property owners and residents notified as well as a copy of the correspondence. (Sample notification is attached as Exhibit 1.)

6. A statement that the local planning unit has been notified of the proposed construction and informed that it has the same period of time during which the Commission must be notified of any protest or intervention request as set forth in Exhibit 1. If the county has no planning unit, notify the County Judge/Executive. Include a copy of the correspondence. (Sample notification is attached as Exhibit 2.)

7. Clear directions to the site.

8. A copy of the sale or lease agreement for the proposed tower site property.

9. A statement that an appropriate notice, at least 12" x 18", has been posted in a visible location on the proposed site and shall remain so posted for at least two weeks following the date of application. The notice must state as follows:

_____(Name of Utility)_____ proposes to construct a
cellular communications _____(tower/monopole)_____ on this
site. If you have any questions, please contact:

Utility
Name & Address

or

Executive Director
The Public Service Commission
730 Schenkel Lane
P. O. Box 615
Frankfort, Kentucky 40602

The word "tower" or "monopole" shall be printed in letters at least 3" high.

(addressee)

Re: Public Notice - Public Service Commission of Kentucky,
Case No. _____

Dear _____:

_____ [co. name] _____ has applied to the Public Service Commission of Kentucky for a Certificate of Public Convenience and Necessity to construct and operate a new facility to provide cellular radio telecommunication service. The facility will include a _____ foot _____ [tower/monopole] _____, with attached antennas extending upwards for a total height of _____ feet, and an equipment shelter to be located at _____, _____, _____ County, Kentucky. A map showing the location of the proposed new facility is enclosed. This notice is being sent to you because you own property or reside within a 500' radius of the proposed _____ [tower/monopole] _____.

The Commission invites your comments regarding the proposed construction. You also have the right to intervene in this matter. Your initial communication to the Commission must be received by the Commission within 20 days of the date of this letter as shown above.

Your comments and request for intervention should be addressed to: Executive Director's Office, Public Service Commission of Kentucky, Post Office Box 615, Frankfort, Kentucky 40602. Please refer to Case No. _____ in your correspondence.

Sincerely,

Re: Public Notice - Public Service Commission of Kentucky,
Case No. _____

Dear _____:

_____ [co. name] _____ has applied to the Public Service Commission of Kentucky for a Certificate of Public Convenience and Necessity to construct and operate a new facility to provide cellular radio telecommunication service. The facility will include a _____ foot _____ [tower/monopole] _____, with attached antennas extending upwards for a total height of _____ feet, and an equipment shelter to be located at _____, _____, _____ County, Kentucky. A map showing the location of the proposed new facility is enclosed. This notice is being sent pursuant to KRS 100.324.

The Commission invites your comments regarding the proposed construction. You also have the right to intervene in this matter. Your initial communication to the Commission must be received by the Commission within 20 days of the date of this letter as shown above.

Your comments and request for intervention should be addressed to: Executive Director's Office, Public Service Commission of Kentucky, Post Office Box 615, Frankfort, Kentucky 40602. Please refer to Case No. _____ in your correspondence.

Sincerely,

considered to be publicly available and shall not be placed in the public record.

(c) The material shall not be placed in the public record for twenty (20) days following any order finding that the material no longer qualifies for confidential treatment to allow the petitioner to seek any remedy afforded by law.

Section 8. Applications. (1) Contents of application. All applications must be by petition in writing. The petition must set forth the full name and post office address of the applicant, and must contain fully the facts on which the application is based, with a request for the order, authorization, permission or certificate desired and a reference to the particular provision of law requiring or providing for same.

(2) Number of copies. At the time the original application is filed, ten (10) additional copies must also be filed, and where parties interested in the subject matter of the application are named therein, there shall be filed an additional copy for each named party and such other additional copies as may be required by the secretary.

(3) Articles of incorporation. If the applicant is a corporation, a certified copy of its articles of incorporation, and all amendments thereto, if any, shall be annexed to the application. If applicant's articles of incorporation and amendments thereto, if any, have already been filed with the commission in some prior proceeding, it will be sufficient if this fact is stated

in the application and reference is made to the style and case number of the prior proceeding.

Section 9. Applications for Certificates of Public Convenience and Necessity. (1) Application to bid on a franchise pursuant to KRS 278.020(3). Upon application to the commission by the utility for a certificate of convenience and necessity authorizing applicant to bid on a franchise, license or permit offered by any governmental agency, the applicant shall submit with its application, the following:

(a) A copy of its articles of incorporation (see Section 8(3) of this regulation).

(b) The name of the governmental agency offering the franchise.

(c) The type of franchise offered.

(d) A statement showing the need and demand for service. Should the applicant be successful in acquiring said franchise. license or permit, it shall file a copy thereof with the commission.

(2) New construction or extension. When application is made by the utility, person, firm, or corporation for a certificate that the present or future public convenience or necessity requires, or will require, the construction or extension of any plant, equipment, property or facility, the applicant, in addition to complying with Section 8 of this regulation, shall submit the following data, either in the application or as exhibits attached thereto:

(a) The facts relied upon to show that the proposed new construction is or will be required by public convenience or necessity.

(b) Copies of franchises or permits, if any, from the proper public authority for the proposed new construction or extension, if not previously filed with the commission.

(c) A full description of the proposed location, route, or routes of the new construction or extension, including a description of the manner in which same will be constructed, and also the names of all public utilities, corporations, or persons with whom the proposed new construction or extension is likely to compete.

(d) Three (3) maps to suitable scale (preferably not more than two (2) miles per inch) showing the location or route of the proposed new construction or extension, as well as the location to scale of any like facilities owned by others located anywhere within the map area with adequate identification as to the ownership of such other facilities.

(e) The manner in detail in which it is proposed to finance the new construction or extension.

(f) An estimated cost of operation after the proposed facilities are completed.

(g) All other information necessary to afford the commission a complete understanding of the situation.

(3) Extensions in the ordinary course of business. No certificate of public convenience and necessity will be required

for extensions that do not create wasteful duplication of plant, equipment, property or facilities, or conflict with the existing certificates or service of other utilities operating in the same area and under the jurisdiction of the commission that are in the general area in which the utility renders service or contiguous thereto, and that do not involve sufficient capital outlay to materially affect the existing financial condition of the utility involved, or will not result in increased charges to its customers.

(4) Renewal applications. Insofar as procedure is concerned, applications for a renewal of a certificate of convenience and necessity will be treated as an original application.

Section 10. Applications for General Adjustments in Existing Rates. (1) All applications requesting a general adjustment in existing rates shall be supported by:

(a) A twelve (12) month historical test period which may include adjustments for known and measurable changes; or

(b) A fully forecasted test period and shall include:

1. A statement of the reason the adjustment is required;

2. A statement that the utility's annual reports, including the annual report for the most recent calendar year, are on file with the commission in accordance with 807 KAR 5:006, Section 3(1);

3. If the utility is incorporated, a certified copy of the utility's articles of incorporation and all amendments thereto or out of state documents of similar import. If the utility's articles of incorporation and amendments have already been filed with the commission in a prior proceeding, the application may
